HOSPITAL WORKERS CELEBRATE TONIGHT

Big Parade Will Start From Elks Club At 7:00 O'Clock To End Successful Campaign For New Building For Hospital

ADD $21,758 TO HOSPITAL

Grand Total For New Building Fund For Hospital Now $170,558, And Workers Have Another Report to Make; Mrs. Rosenbloom's Division Is High

Those who thought the money would never be raised with which to build a hospital, those who have criticized it for one reason or another in an effort to prevent the project from materializing, must have read with much interest, the announcement Saturday that the hospital workers had secured $21,758 more and pushed the total for the campaign up to $170,558.

The campaign has been long and hard and has been a struggle, it is stated. Many people who should have subscribed have not subscribed a penny; others who should have subscribed liberally have subscribed only a small amount such as messenger boys and cash girls have contributed. There is much discussion these days about citizens and businessmen who have not done their duty in this humanitarian and very necessary undertaking.

Although Saturday was a busy day in the stores and banks the meeting Saturday noon was attended by over 150 workers who applauded and cheered generously on the offering of every good report. Much interest was exhibited throughout the meeting over the results of the various individual, workers, various teams and the divisions.

Chairman Kerfoot W. Daly addressed the meeting and thanked the workers for their loyalty and industry in standing by the community in the time of need and making the sacrifice of time necessary to scour the city and dig subscriptions out of the highways and byways to get money for the hospital building fund.

"I have never been prouder of the men and women residents of this locality who are working for this hospital building than I am now now," declared Chairman Daly, "for you have showed a spirit of fidelity and unselfishness that is without a parallel in our community service."

"I deserve little credit for the victory in this campaign," continued Chairman Daly in his statement given out this morning at the hospital campaign headquarters in the Borough Building. "The commanders, captains and individual workers who have left their business and homes as volunteers to serve without pay in any way have earned all the credit for making possible the new hospital; and I gratefully acknowledge the debt of this community to these workers who have labored long and faithfully to bring victory where failure would have resulted but for their co-operation."

"There is a pressing need for as much as $250,000 to build and equip this hospital and if that total can be reached the campaign will be a success far beyond the expectations of any one, myself included. Our minimum objective was set at $150,000. That has been reached and passed. The hospital could be started with that sum but could not be finished and equipped without the addition of $100,000, a part of which is now being subscribed through the efforts of men and women workers."

Chairman Daly called to attention of the workers at the meeting Saturday noon, that any subscribers could come to the campaign headquarters or to him, and secure any information they want as to the cost of the campaign. Many wild and unfair rumors have been circulated by enemies of the hospital, it is stated, and it was pointed out by several speakers at the meeting Saturday, that these individuals were people who not only have not worked but have not subscribed sums worth mentioning, to the hospital fund.

J. B. Tussing, Sales Manager, who presides at all the large meetings, delared that arrangements had been completed for a parade starting from the Elks club tonight at 7:00. In this parade will be all workers, inluding men and women, who have helped in the campaign. The object of the parade is simply to celebrate the victory. The workers will probably march down Fallowfield, up McKean, and hold a short concert and program of speeches at the hospital board at Depot Square.

Mrs. John P. Ferry, captain of team 14, division "D" won the campaign goat for having the largest number of subscribers of any of the 29 teams in the campaign for Saturday noon's report. This is the first time the high

ANN LUTHER TAKES STAND

Los Angeles, Calif., August 11. — Ann Luther took the witness stand in her suit against Millionaire Jack White for $100,000 for alleged breach of contract again today to tell the final chapter of her relations with the western mining man, who, she said, made love to her in two languages and promised to star her in a series of films.

The orange bobbed film star, who was near collapse when she left the stand at the closing session of last week's hearings Friday, was refreshed by a week-end on the seashore, her attorneys said, and probably would complete her testimony today, with additional cross examination by Paul Schenck, attorney for White.

Irene Maravelle, who has been an almost constant attendant at the trial, will testify this week, but so far there has been no inkling of her connection with the case.

FATHER DIANA WAS NOT MURDERED AS WAS THE REPORT--IN GOOD HEALTH

A number of rumors were circulated throughout the town yesterday and today to the effect that Father Diana, former pastor of the Mother of Sorrows Italian church in Fallowfield avenue, had been murdered in Detroit, Michigan.

Father Diana left Charleroi a few weeks ago to establish a church in Detroit, and being well-known along the valley, the report of his death caused great alarm among his friends. When the news spread of the alleged murder, the Mail immediately telegraphed the authorities in Detroit, who in turn wired the following answer: "No Father Diana murdered here or in Michigan." Further investigation into the case revealed that Father Diana is in good health, and is making great progress toward his new church.

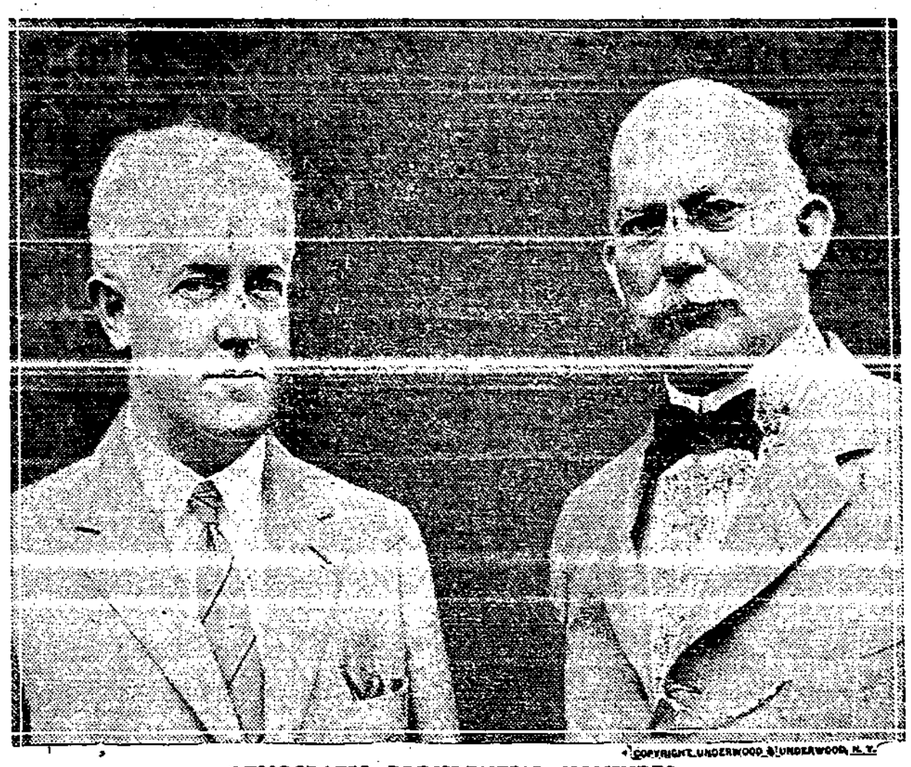
TWO REASONS ARE GIVEN FOR KILLING WIVES

Philadelphia, Aug 11—Two husbands murdered their wives here Sunday, one because he "couldn't stand the nagging" of his wife and the other to end his helpmate's suffering from the ravages of cancer.

Edward Bub, 88 a civil war veteran shot and killed his 87-year-old wife Bridget and then ended his own life. The couple had been married 67 years. Both were suffering from cancer.

Alexander Oberton, 36, shot and killed his wife Julia, mother of six children, because she quarrelled with him for being out of work.

THE STANDARD BEARERS OF THE DEMOCRATIC PARTY



COPYRIGHT UNDERWOOD & UNDERWOOD, N. Y.

DEMOCRATIC PRESIDENTIAL NOMINEES
For president, Honorable John W. Davis, lawyer, of Clarksburg, W. Va., and New York. For vice-president, Honorable Charles W. Bryan, Governor of Nebraska.

Heretofore John W. Davis, Democratic nominee for President, has occupied the position of a native son of Clarksburg, W. Va., welcomed with pride because of his achievements and greeted with joy by personal friends of all political faiths because of his engaging personality and character.

Today in formally accepting the nomination tendered him by the stormy New York convention after the bitter battle between William G. McAdoo and Gov. Al Smith of New York, Mr. Davis, whose achievements still will arouse proper state pride and who still will be cherished as a personal friend, will assume the position of leader of a party which thousands of West Virginians will not support. Governor Davis will deliver his speech of acceptance at Clarksburg, W. Va., tonight.

Police Busy Saturday Night; Early Sunday

The police were busy Saturday night and early Sunday morning. A slot machine was confiscated at the pool room of Frank Korias, Seventh street and Fallowfield avenue, and Korias left a forfeit of $100 for his appearance at a hearing to be held before Burgess J. Bryant Tussing this evening at 7o'clock. The arresting officers were Thomas and Corey.

The pool room of James Austin, Tenth street and McKean avenue, was visited by Officers Gelder and Corey, and the proprietor left a forfeit of $25 for his appearance tonight before the burgess. Austin is accused of violating borough ordinance in running his place after midnight.

The Keystone pool room, 1012 McKean avenue, is also alleged to have been running after midnight. The son of the proprietor was running the place, but the father, proprietor, will be haled before the burgess this evening.

MAN IS HELD FOR BOOTLEGGER

Four men were placed under arrest at Monongahela Saturday night, charged with violating the liquor laws.

Patrolman William Hughes at 2:30 o'clock, arrested W. H. Guy, driver of an improvised truck bearing Pennsylvania license No. 645-643, who stated he resides in Wilkinsburg and is in the upholstering business; William Hugman, Walter Fibrick, and R. E. Miller, all of Wilkinsburg.

Guy stated he was in Monongahela delivering goods and only stopped at the corner of Second and Main streets for an instant before continuing on his way home. Hugman was searched by the arresting officer and a half gallon moonshine in two separate bottles was found in his possession. The other two men were searched but nothing was found which might incriminate them. They stated they had accepted a ride with Guy and Hoffman when they left Wilkinsburg late yesterday afternoon bound for upriver points. The truck was searched but it contained no liquor. At a hearing Hugman, in whise possession the liquor was found, was held in $500 bail for court and the three other men were discharged.

DAVIS OPINES FOLK ONLY NEED TO KNOW TO VOTE FOR HIM

Clearksburg, W. Va., August 11.—A short demand for complete and immediate organization of his campaign was the first formal political utterance of John W. Davis, Democratic candidate for the presidency, in taking over the reins of party government today.

His demand was voiced at the meeting of the Democratic National committee at which Clem Shaver was elected new chairman.

The Democratic candidate in talking to the party wheel horses made it plain that he is extremely confident that victory will come with the end of the campaign. He expressed belief that the people will decide in favor of the Democrats, if they are fully informed, and he stated that the duty of the committee was to provide this education.

BILL IN EQUITY IS FILED

A bill in equity, asking the court to restrain C. O. Tedrow from engaging in the barber busines in either Canonsburg or Houston, for a period of 10 years from July 1, 1922, has been filed by Wilbur W. Swihart, now operating a barber shop at 19 East Pike street, Canonsburg. The plaintiff asks that the defendant also be restrained from soliciting the customers of the former, and be required by the court to observe the terms of a bill of sale of a barber shop to the plaintiff, which contained a clause by which the defendant agreed not to engage in the barber business for a period of ten years beginning July 1 1922.

The bill sets forth that on July 14, 1922, Wilbur W. Swihart purchased from C. O. Tedrow the barber shop located at 19 East Pike street, Canonsburg, including all of the fixtures and good will, for $1,325. It is alleged that an agreement was entered into between the above parties by which Tedrow agreed not to engage in the barber business in either Canonsburg or Houston for a period oof 1 years from July 14, 1922.

It is charged that, in violation of this agreement, C. O. Tedrow opened a barber shop at the corner of Central avenue and Pike street, Canonsburg on March 15, 1924, not far from the plaintiff's shop; also that Tedrow has solicited a number of the customers of Wilbur W. Swihart and taken them away from him.

OTTO BLACK FOUND DEAD IN HIS ROOM

Otto Black, aged 62 years, for a number of years lieutenant of police at the Pittsburgh Steel, and later steward at the Elks club of Monessen, was found dead in bed in his room in the Duquesne hotel, Monessen, at 3 o'clock yesterday morning.

Jokingly leaving the Elks club early Sunday morning with the threat of ending his life by jumping in the river, the man went to his room and a short time after retiring he answered the summons.

For a time it was believed that he had carried out his intention of taking his life, but examination by a physician and the coroner, it was learned that death was caused by heart failure superinduced by inward goitre.

The deceased, who was well-known in both Charleroi and Monessen, has lived in Monessen for a number of years, and was held in high esteem. Funeral services will take place tomorrow afternoon, followed by interment in the Belle Vernon cemetery.

AN OLD ISSUE.

It has been charged that La Follette evades the issues of the hour that might breed conflict among and divide his followers. Somewhat of confirmation of this may be found in his restatement of his chief issue in an article in the New York Times as follows: "The investigations and disclosures have opened the eyes of the American people to the one supreme issue—the control of government by private monopoly. The specific proposals of the progressives are constructive features advanced to meet the supreme issue of the 1924 campaign—to break the power of private monopoly and restore government to the people."

Both the tone and substance of this are strikingly similar to the Bryan platform of 16 years ago, which read: "The various investigations have traced graft and political corruption to the representatives of predatory wealth and laid bare the unscrupulous methods by which they have debauched elections and preyed upon a defenseless public. Shall the people rule is the overshadowing issue."

Like Mr. Bryan in 1908, Mr. Follette would now "make it impossible for private monopoly to exist." Admittedly such an object ih worthy, but the issue is an old one. Obviously Mr. La Follette would be more up to date if he assailed the domination of big and too often corrupt business in government circles, condemned secret political societies, favored means of preserving the world's peace, etc., etc.

The clerk is still unconscious.

"What does she talk about?" asked a friend.

"I never can quite make out," replied Uncle Will, "and the puzzlement worries me 'bout as much as noise."

DOPE PEDDLER IS CAPTURED BY COPS

In the arrest of Sylvester Reed, colored, aged 27, who gave his address as 1218 Wylie avenue, Pittsburgh, yesterday afternoon, the Washington police department got into direct contact with a "dope ring" which is operating in this section of the country and last night an investigation was under way in an effort to locate those at its head.

Reed and his companion, Clarence Peters, colored, aged 31, of Elwood City, were arrested by Patrolmen Crossland and Gordon as they were entering the western outskirts of Washington. The two officers had been sent there to watch for colored men implicated in a murder at Wheeling, who it is thought might try to escape through Washington.

Noticing Reed and Peters in an approaching car, Patrolmen Crossland and Gordon ordered them to stop. They started a search and found three packages of cocaine and a box of capsules in the possession of Reed. The two negroes were taken to the police station. The cocaine was taken to a drug store and tested.

Reed admitted that he was engaged in the peddling of cocaine in Pittsburgh and said he had purchased the narcotic yesterday at Wheeling from a "white man" but refused to disclose the identity of the latter. He said he filled the capsules in his possession and sold them for $1 each. He had enough cocaine to fill several hundreds of them, it was estimated last night.

Peters was absolved of participation in the handling of the "dope" by Reed. Peters, he said, had invited him to ride to Pittsburgh with him in the automobile which Peters was driving and he had accepted. Peters stated that the machine was owned by Clara Allen of Ellwood City.

Wheeling officers went to Washington last night and joined Washington policemen in questioning Reed, but he refused to give any information other than admitting his own guilt.

The federal authorities have, also, been notified of the capture of Reed and are expected to go to Washington today and take charge of the prisoner who is being held in the county jail.

Nither of the men were wanted in connection with the reported Wheeling crime.

WOMAN ROBBED OF THREE RINGS VALUED AT $300

Mrs. W. S. Morton of Donora, yesterday reported to the McKeesport police that thieves had robbed her of three rings, valued at $300 while she was swimming in the Municipal pool at McKeesport.

The thieves had broken into the locker where she temporarily left her clothing and valuables and made away with the missing rings. Police are making an investigation.

BEATTY BLANKS HOMESTEAD IN WELL-PLAYED CONTEST HERE ON LAST SATURDAY

YDE AND PFEFFER LIKELY TO WORK FOR THE BUCS TODAY

The fast-stepping Pirates will make an effort to continue in their pleasing gait today when they stack up against the lowly Quakers in another double-header. The Pittsburgners were not slated to reach Philadelphia this morning, which means the players will have to hustle to the ball orchard to prepare for the ordeal of the day. Yde and Pfeffer are slated to face the Fletcher's crew in twin bill.

With the Giants' victory over the Cubs thrown out as the result of President Heydlers decision yesterday and their double setback at the hands of Cincinnati today the Pirates moved within 7 1-2 games away from first place.

To date the second Eastern invasion of the Bucs has been a howling success. Starting in Boston, the Pirates made a clean sweep of the four-game series in the city of culture. They grabbed off three victories in four times with the Giants and followed this pretty exploit by taking three out of five from the Dodgers, a club which has been a bugaboo to the Pirates all season. All three games in Philly have resulted in Pittsburgh victories.

If the Dodgers had been as successful in front of the Giants as they have been while fighting the Pirates the race today would be a hummer. The inability of the Dodgers to trim their rivals from Manhattan has been one of the heaviest factors in the runaway race which the Giants have made of the National League sweepstakes.

Pitching one of the best games of his career as a moundsman, Harry Beatty, aided and abetted by stellar support on the part of his teammates was successful Saturday in defeating the strong C. M. C. club of Homestead by a score of 4-0. Beatty allowed the visitors but four hits, one of the bingles coming in the first half of the ninth inning when, with the contest sewed up, Harry eased a trifle.

The game was won by Charleroi in the first inning when, with Captain "Bill" Phillips on the pillows, Consonery lifted the sphere into the river. During the entire contest Beatty held the Homestead players in the hollow of his hand, and despite the fact that they are fast and run bases cleverly, Beatty had one of his best days, and the visitors could not solve his delivery; in fact, Consonery's home run drive seemed to take the spirit of the game from them.

For Homestead, Walker put up a fast game at second base; for Charleroi, the features, aside from Beatty's pitching were the second base play of Yengst, and the batting of Consonery, Davis, and Anderson, the latter with three bingles. The score:

MANY DEPARTMENTS ARE STARTED TODAY

A general resumption of work in the Pittsburgh Steel was on this morning.

Included in the new departments to resume were No. 1 and No. 2, wire mills, No. 1 and No. 2 rod mills, the galvanizing department, field fence, barbed wire and specialty department and the nail mill on full time. These departments have been closed since the holiday vacation starting the first of July. In several of the departments a few men have been employed on part time ranging from 2 to 4 days a week, but starting today they will now operate on full time.

This announcement will be the most welcome received here in several months and will mean employment for at least 2,500 additional men, while many others who have been working part time will now have employment six and seven days a week.

Three open hearth furnaces resumed operations several weeks ago and the blast furnaces are also in operation and every indication points to steady employment for the men of this big independent steel plant during the winter months.

During the shut down the blast furnaces were relined and many other needed improvements and repairs were made throughout the plant and everything is in readiness for a steady run of work.

The large quantity of cold rolled steel now on stock will soon be diminished by the finishing departments and it is expected that the open hearth will then resume on full time.

No announcement has been made by other plants in Monessen, but all are working on part time and indications are that more men will find steady employment at all plants within a short time.

Reports from Donora and Duquesne are equally as encouraging. At Donora another open hearth furnace was started today, making a total of ten out of the thirteen furnaces in operation. At Duquesne the seven merchant mills, one of the largest units of the United States Steel corporation have resumed on a hundred per cent operating basis.

Advices from the East say that the Bethlehem Steel company is starting another blast furnace. The rail mill at the company's Steelton plant which has been shut down since the first of July, will resume on single turn basis. The bar plant at the Lackawanna plant, which has been on single turn for some time was to resume on double turn last week.

Moon Has Always Been Mystery of Mankind

We all feel very wise nowadays about the moon, and smile indulgently as we relate tales of its lonely old male inhabitant to the young.

Our wisdom, based as it is upon maps and photographs and scientific theories, is, however, of very recent origin. The moon for generations was the greatest mystery of mankind—Galileo, in 1009, first turned his telescope upon the moon. he created throughout Europe a much greater sensation than did Columbus when he discovered America.

Till then the scientific men had believed in Aristotle's theory, that the moon is a perfectly smooth and round body, its markings being the continents of the world, reflected, as in a mirror.

Every one else explained away the mysterious marks with myths. There is nothing more remarkable in history than the strange resemblances which exist between the explanations given by different races.

Almost all of them interpreted the marks as being a man carrying a bundle of wood. Furthermore, they all seemed to regard him as one who, on account of a crime, was condemned to eternal isolation on the moon. He was, indeed, a horrible example to young and old alike.

Since the "Clermont" Puffed up the Hudson

There was a lot of ceremony a hundred and seventeen years ago—when Robert Fulton proved a steamboat would run by navigating from New York to Albany. Eleven years later, and the first steamer to cross the Atlantic was launched.

What if those pioneers of advanced water transportation, Fulton and Livingston, and those doubting crowds that waited to shout when the power failed, could come back for a visit today!

Progress has been rapid and continuous—every advance has aided you and all the rest of the country to greater comforts, conveniences, safety, enjoyment, education.

Tested!

"U. S." Jar Rubbers may be had in red and white rubber, plain or double-lipped.

made to meet the demands of modern canning methods

TESTED jar rubbers! Think what that means—no more bulging rubbers, no blowing out, no drying up. In place of the old uncertainty and anxiety, you have security against loss!

Stretch and *"set"* are the two things a jar rubber must do if you are to have an air-tight seal. It must stretch *just enough* to slip easily over the neck of the jar. If it has too much stretch it will not snap back to its original size. Once in place it must "set," grip firmly the neck of the jar and make an air-tight seal.

"U. S." Jar Rubbers come to you thoroughly tested for stretch and "set." They are made by the United States Rubber Company—largest rubber organization in the world—from high-grade rubber grown on the company's own plantations in Sumatra.

Before they leave the factory "U. S." Jar Rubbers are tested for all those qualities which enable them to meet every demand of modern canning.

Ask your dealer for "U. S." Jar Rubbers.

IMPORTANT NOTES ON CANNING

Cook hard fruits, such as hard pears, under-ripe peaches, pineapples, sweet apples, quinces, watermelon-rind or citron, in a small amount of water, or steam them until tender before placing them in a heavy sirup. If these fruits are not treated in this way, the preserve will be hard and tough instead of plump and tender.

Pack the fruit firmly in clean, tested jars to within one-half inch of the top. Pack pitted, stoned or cored fruits with the cavities toward the center of the jar. Fill the jars with boiling sirup or hot water.

From The New Butterick Cook Book

Cherries that are not desirable for canning may make good juice for use as a beverage or in pudding sauces and gelatin desserts.

Try This New Kind of Corset if You Want to Reduce!

Makes Waist and Hips Look Thinner *Instantly* —Actually Takes Off Fat Day By Day!

Step into this new kind of corset and see how quickly your waist, hips and thighs look inches thinner. Wear dainty, stylish clothes at once! Dance, play and walk to your heart's content! Snap your fingers at tiresome exercises, starving diets, harmful medicines, or bitter self-denials! This marvelous new kind of corset not only makes you look slender, it actually massages away your fat every second you wear it, and yet does it so gently you hardly feel it!

The moment you put on this wonderful new corset—known as the Madame X Reducing Girdle—the bulky fat on waist, hips and thighs seems to vanish, the waistline lengthens and your body becomes erect, graceful, youthfully slender. And then, with every step you make, with every breath you take, with every little action this new kind of girdle gently massages away the disfiguring, useless fat, and you look and feel years younger!

No bulging of fat—no unnatural raising of bust—no "laced in" feeling—no stiff unresisting stays to keep you from indulging in outdoor or indoor sports.

Actually Reduces Like Expert Masseur

The Madame X Reducing Girdle is designed in accordance with scientific massage principles which have caused reductions of 5, 10, 20 pounds. It is made of the most resilient Para Rubber, especially designed for reducing purposes, and is worn over the undergarment. Gives you the same slim fashionable appearance as a regular corset, but without any discomfort, without that annoying "laced in" feeling. Fits as snugly as a kid glove, has garters attached, and is so constructed that it touches and gently massages every portion of the surface continually. While you sit, stand, walk, climb stairs, bend, reach, dance, ride or during any form of exercise! Every move you make, even your natural breathing is met by this live rubber girdle which gently massages away the fat without extra exertion on your part. Women often reduce from 1 to 3 inches the very first week.

Gives You Fashion's Boyish Lines in Perfect Comfort

Slip into the Madame X Girdle and you can wear stylish becoming clothes. Whether you are tall and stout, or short and stout, no matter what size waist, hips or thighs you have, there is a Madame X Reducing Girdle to fit you. And once you put it on you'll feel as though it was made especially to your measure. You'll enjoy the comfort of wearing it all day long, but, better still, you'll be delighted with the way it quickly reduces your excess flesh.

Now on Sale

Once you have worn the Madame X Reducing Girdle you will not want to be without it. It is wonderfully comfortable and you will find yourself using it as you never could a corset—for walking, riding, golfing; any time you want an adequate support against fatigue, and a slim charming figure. It is remarkably durable. Women everywhere are enthusiastic about it and cannot say enough in its praise.

You must see this remarkable—and entirely new girdle to appreciate it. Come in today and try it on. You won't want to take it off! Its low price will surprise you, too!

Nothing Else Like It

Every genuine Madame X Reducing Girdle has the name on the box and stamped on the girdle itself. Avoid disappointments by refusing imitations, which may look good when new but lack resiliency so quickly they lose their shape and usefulness. The Madame X Reducing Girdle will outwear an ordinary corset. The Thompson Barlow Co., Inc., 404 Fourth Avenue, New York.

NEW CIVIC BODY IS READY TO FUNCTION

Bentleyville Organizes New Chamber of Commerce to Promote the Interests of the Community—To Hold First Banquet

OFFICERS ARE ELECTED

Formal Organization Accomplished Last Thursday Night—Ellsworth To Be Included—Directors Are to Meet the First Thursday of Each Month

Business and professional and leading citizens of Bentleyville have organized a Chamber of Commerce with a membership of 62 persons for the purpose of promoting the interests of the community, which is steadily growing and is one of the most prosperous in Washington county.

Formal organization of the community body was accomplished on last Thursday night with members of the Washington Chamber of Commerce present to assist. The first banquet of the new body, for the purpose of getting the membership together and developing a spirit of good will towards each other and the district will be held in the near future.

Ellsworth will be included. In this immediate district there are more than 100 places of business of various kinds, including induhtries. The directors of the organization will meet the first Thursday night of each month.

Burgess I. N. South, who has been active in all community affairs has been elected president of the Chamber of Commerce. Other officers follow First vice president, W. T. Brown; second vice president, S. S. Sidle; treasurer, H. M. Patterson; secretary, T. H. Tudor.

The members of the board of directors follow: 1924, S. Q. Bedsworth, C. B. Burkhalter, Paul Christina, C. C. Sharpnack, and Morris Levin; 1925, I. N. South, W. J. Wilson, R. J. Patterson, H. H. Hertzog and B. Bender; 1926 W. T. Brown, S. F. Caldwell, S. S. Sidle, L. E. Sands and A. Greenfield.

Citizens and business men of the district are giving their enthusiastic support and the organization is starting upon its career with a bright future.

facturing institutions, drew his pay of $60 Saturday. He went into the Grand Billiard parlor, and there met Dan Delto, 20 years to whom he loaned a dollar. Afterwards, it is alleged, Delto relieved Fawcett of the balance of his roll, $59. However, when arrested by Acting Chief of Police Jack Thomas, Delto had but $43.

Officer Percy Gelder arrested George Morgan, Albert Perkins and Charles E. Williams, all of Washington, who are charged with reckless driving. The trio, it is said, will be released today when friends from the county seat come to town and settle.

HOSPITAL WORKERS CELEBRATE TONIGHT

team award has gone to division "D." Mrs. Ferry's team has worked hard all through the campaign and announced at the meeting Saturday noon that the team had organized themselves into a "Go-Get-Em Club." The purpose of this organization is to interest itself in working for the hospital. The club itself subscribed for $500.

The high division for the day was that of Mrs. Michael Rosenbloom, division "D" with $6,281. This makes Mrs. Rosenbloom's division an honor division.

Commander S. L. Woodward and division "B" were expected to be an honor division Saturday but played in hard luck and got only $1295 to report. Commander Woodward, however, declared that his division would be on the honor roll today.

The honor teams are those that have sold a total of $5,000 or more for the campaign. The teams so far holding that honor are: F. W. Brady, Bruce K. Barnett and D. R. Hormell, Captains in division "A;" Captain T. H. Warrensford in division "B," and Mrs. R. C. Mountser and Mrs. D. E. Sloan, captains in division "C," and Mrs. John P. Ferry, captain in division "D."

Manager Tussing called attention to the fact that the Federated Clubs of Charleroi had subscribed for $500 instead of $50 as announced.

The following additional subscriptions have been received from organizations: Monday Music Club, $100; Go-Get-Em Club, $500; Protected Home Circle No. 303, $200; Woman's Benefit Association of the Maccabees, $100; United Commercial Travelers, $100; Societada De Beneficienzadi, $100; Speers Ladies Aid, $25.

Shark Furnishes Man With Many Products

The old-fashioned shark is now becoming sought and respected on account of the many uses which are being found for his jacket and what he contains. A considerable amount of "cod-liver oil" is really shark-liver oil, and possesses medicinal properties of the same character. Shark-fin soup is appreciated by the Chinese. The eyes of the shark, after they have been boiled, lose their outer covering, and the residue becomes quite hard and has a sort of shifting light in its texture. These are mounted on tie-pin or other forms of jewelry and present an unusual appearance. A valuable part of the man-eater is the skin. The thin outer skin is removed and when dried has a remarkable hardness, and is used by cabinet-makers for giving polish to hard woods, ivory, and so on. The inner skin is tanned so carefully that it eventually yields a waterproof, non-cracking leather. Different parts of the skin give differing shades of color, and the tanning process succeeds in preserving these dark greens and browns so that shoes, traveling bags, purses, belts and similar articles made of the skin have a handsome appearance.

Feathered Duelists

Blackgame may soon fight out their early morning tourneys in the woods of Wiltshire. A writer in the Sporting Times (England) announces that he intends to import their eggs and hatch under French partridges.

The blackcock, now confined almost entirely to Exmoor and the North, is a powerful bird and a lusty fighter. Any wood which holds him has, somewhere, a smooth trampled patch of grass some 15 yards in diameter. This is the arena.

As dawn breaks the first blackcock sails over the treetops, pitches and sounds his challenge. Another answers and the two bow like gamecocks. The rest is a maelstrom of feathers and claws. The grayhens, as the females are called, stand by and look on, after the medieval fashion.

Mrs. Mary F. Buchanan has returned to her home in Washington avenue, after a week's visit with relatives in Beaver. She was accompanied home by Mr. and Mrs. S. H. Might and Frank Buchanan.

Mr. and Mrs. Wilmot Hancock of Lookout avenue and Albert Irose of Fallowfield avenue, have gone to Conneaut ake Park, where they will leave Mrs. Hancock with friends, while the young men will continue their journey for several miles and spend their vacation camping and fishing.

Frank N. Wagner, Howard W. Owens, Albert W. Peters and Thomas Brown, all of this place, left yesterday morning at an early hour for a 16-day motor trip. Their itinerary will include New York City, Montreal, Quebec, Canada, Boston, Bridgeport, Conn, Delaware, and many other cities of interest.

SOCIETY

F. W. Dunbar of 615 Long street, entertained at his home Sunday with a dinner in honor of Mrs. Cornlia Arnold of St. Louis, Mo. There were a large number of guests present and an enjoyable time was spent.

What this county needs in addition to a good five cent cigar, is to make it harder to get married and a darn site harder to get unhitched.

THEY MUST LOOK FINE

A thing of which Ive heard, not seen.
(Nor owned, nor ever will)
I tearfully admit is one
Ten thousand bill.

Granger Rough Cut

A Pointer on Tobacco—

The slower a tobacco burns, the cooler it ... Also the longer it lasts. This slow burning ... to the "cut". Granger is "rough cut" to smoke slow and cool—cut for pipes, not cigarettes. And Wellman's famous old secret method produces richer fragrance and taste.
